- First Dean's Lister Award (2022-Present)
- Achieved the highest grade of **98%** in Applications Development and Emerging Technologies (CTAPDEVL)

## PROJECTS

---

- **Psynapse (2024)**. Mobile quiz application developed to improve users' interactive learning experiences. A **Java** project made using **Android Studio** and makes use of **Firebase** for easy database administration. Users can create and browse educational content with the app's configurable question sets and categories.
- **NURAD (2024)**. Same with Psynapse, NURAD is a mobile hotel management application created with Android Studio with Firebase acting as its database. The program handles **room administration, payments, booking data, e-invoices, and client feedback** in addition to facilitating hotel room bookings and reservations.
- **iStory (2024)**. A dynamic and engaging website dedicated to storytelling, created using **HTML** and **CSS**. It serves as a platform to spotlight authors, showcase their works, and share feedback from readers.

## SKILLS

---

- Java, JavaScript, HTML/CSS
- SQL, GIT, Data Structures, Algorithms, Database Administration, Basic Networking

## ADDITIONAL INFORMATION

---

- **TOEIC Listening and Reading Test (2022)**: Achieved a score of 440 in listening and 430 in reading, resulting in a total score of 870. This corresponds to an **Advanced Working Proficiency level**.
- **Customer Service Representative at Amazon**: Recognized as a **Top CSA Awardee** in the Concessions Abuse Prevention (CAP) Department in 2023, ranking among the Top 5. Additionally, I was designated as a CAP CASE Specialist [A] (**Acting Supervisor**) after eight months. This experience enhanced my multitasking abilities, resilience under pressure, commitment to continuous learning, and consistency in performance.
